

DOD QUARTERLY REPORT (Second quarter FY2006)	
DIVISION: Division of Toxicology and Environmental Medicine	
Scheduled start date: March 2006	
Scheduled completion: May 2006	
Toxicological Profile for RDX	
Task order was written for the development of the RDX toxicological profile. A schedule was submitted and approved. ATSDR is awaiting new studies from DOD to include in the profile.	
DIVISION: Division of Toxicology and Environmental Medicine	
Scheduled start date: March 2006	
Scheduled completion: May 2006	
ATSDR ToxProfiles™ 2006 CD-ROM – Including ToxFAQs and Public Health Statements	
Toxicological profiles on CD-ROM make toxicological information more accessible and convenient for health care worker, toxicologists, occupational health physicians, public health personnel, communities, and ATSDR's health partners. Work continues on the development of an improved search engine and the addition of updated documents on the CD. Anticipated release date for the CD is in the fourth quarter 2006.
